

**St. Joseph Parish Buildings & Grounds
Minutes from Meeting April 17, 2007**

Present: Brian Mielke, Charlie Parma, Ron Loberger, Denis VandeVoort, Carol Kittell

OLD BUSINESS

Windows: Brian will work on purchasing brackets & screws.

Fence: The fence along the house at 1209 13th Ave. needs fixing. Carol will call Ralph to see if he will work with Ron on this.

Eave Troughs: Ron had two estimates. He will clarify whether or not Coppens uses heavy duty straps and will talk to the other company to see if they will come down in their estimate.

NEW BUSINESS

Truck: An Annunciation parishioner has given a pickup truck to the parishes. Ron will be listed as one of the drivers.

Lift: Approved purchasing a lift along with the other parishes to be shared by all.

Playground (Dogs): There was a complaint by a neighbor regarding people having dogs in the playground area. (She saw a dog being put down the slide and another dog being abused). Ron will get a sign made indicating dogs are not allowed in the playground area.

Items to Share: The Stewardship Commission is working on a report that would indicate items other parishes have that they are willing to share. St. Joseph has tables & chairs, a pallet jack and stages (risers).

Choir Space: The Finance Council approved the building of a choir space on the north side of the church. This work will begin after the April 14-15 weekend.

Next meeting: Monday, May 21, 2007, at 6:30 p.m.
