X= member present at meeting

1. Roofing on the old parish center is completed. No rot of the wood deck was found. The contractor still has the metal edging left to install.
2. The sacristy steps will be replaced this October with prisoner labor. Work should take about 5 days and all we pay for is the materials used.
3. The awning is in production at Jones Sign. We will be reusing the eggcrate that came with it to save \$400. There is \$1000 earmarked for this work. Carol was wondering if the Booster club would be willing to pay \$800 toward the rest of the awning costs as the cost for the concrete steps replacement described above was earmarked for \$3800 which the Booster club was going to pay. Now with the above cost being less, could some of the funds be targeted for the awning. This will be brought up at the next Booster club meeting by Larry and Rick.
4. The big bay window in the old parish center does not have any more wood left in spots to install glazing compound to. The window needs to be replaced. Gary Tilot to be contacted to see what the cost would be for an aluminum window or a wood clad Kolbe and Kolbe window would be. The upstairs windows of the parish center have been repainted by the prisoners and some volunteers.
5. The kneelers fabric has been purchased. Will need to discuss at the next meeting on how to get help in replacing it.
6. The Booster club has been busy repainting the kitchen and the cafeteria this summer.
7. The creation of the storage room off the confessional area will be a winter project and will be discussed later.
8. The one air conditioner compressor is not working and needs replacing. Cost is around \$3200. Wayne has checked a couple of places with the costs similar. Any monies left over from the above work to be put toward this repair work. We should also look into having controls added that would rotate the compressors in starting to even out their usage rather than have one that would be starting all the time and doing most of the work.

9. All meetings will be on the second Tuesday of the month when called. A notice will be given to all about a week in advance.
