A Faith Formation Survey of Parents will be sent home early in April.

Hopefully we can have most returned before the end of the year.

I already had a survey for the Catechists to fill out with their ideas and critique of the classes and program and my ministry to them.

Very positive and good suggestions came forth. Most of which we could implement now --- some, as the parking, will be implemented next year.

Need to have high school park in large parking lot and enter near the

Media room . This will lessen car traffic in the other parking lot

And also the crowds in the hall way area at entrance #5.
